Summary of Legislation: (Amended) This bill limits the Bureau of Motor Vehicles (BMV) from placing a Social Security number on certain identifying documents without authorization from the holder of the identifying documents. It also requires the BMV to adopt rules that do not require the Social Security number of the holder of a Commercial Driver's License (CDL) to be contained on the license.

Effective Date: July 1, 2005.

Explanation of State Expenditures: (Revised) For on-line renewals of drivers' licenses or permits, the BMV may be required to make some computer adjustments to preclude the inclusion of an unauthorized Social Security number.
